[Ex. 6 - Personal Privacy]

Thank you,

EPA is also interested in being able to obtain the information TCI has regarding the physical and chemical properties of MCHM (M1412). EPA would like to see your analytical method used for Quality Control. Since TCI produces this compound for research purposes this information should be readily available. If TCI feels that the information requested is proprietary Confidential Business Information, EPA can submit this request formally if you wish.

Thank You,

Steve

Subject: Inquiry from the EPA regarding a Chromatography Column for M1412

Dear [Ex. 6 - Personal Privacy]

We have an inquiry from the Environmental Protection Agency regarding M1412. They want to know if we have a Chromatography Column for M1412. Could you please send an email to Steve at jarvela.stephen@epa.gov with an answer or that we are looking into this for them?

Thank You!
